

94 Brattle Street
Cambridge Oct 24.

I find that Mrs. Peck has
sent up to the Botanic Garden
all the botanical books from our
library, some of which were mine.
I think you already have in
your library all of them & I
should like to have this collection
valued & ~~sell them~~ sold.
Wigdahl's Med. Botany I know
brings a good price; also the
first edition of Michaux's
Could you give them storage
for a few days until I
can see you -

Truly yours

Isabella James -
